WEEKLY ACTIVITY REPORT #47

NEW ACTIVITIES:

I. Office of Acting Chief, Assessment and Evaluation

A major part of the past week has been spent in writing Personnel Evaluation Reports on members of the Assessment and Evaluation Staff.

II. Assessment Branch

- a. Assessment cases scheduled .....13
- b. Assessments performed ..... 8
- c. Assessment cases written ..... 8

III. Training Evaluation Branch

a. At the request of OTR, specifically [redacted] we have had a series of conferences with the latter concerning the problems of reducing all the training records to IBM cards and/or easily recorded summaries of pertinent training data on all personnel subjected to training. Because of the variety of training evaluation forms and methods used in the past, as well as proposed future changes it has been difficult to develop a standard recording procedure which would be efficient in terms of research as well as efficient in terms of a simple record retaining information which the OTR should presumably have on hand for reference. The problem is under continuing discussion, with [redacted] of R & V assuming the role of chief advisor since he will be in charge of the actual implementation of the transmission and reduction of personnel training files in question.

b. We have had consultations with [redacted] on the development of a training report in letter form which would summarize the unfavorable status of a student in training to the interested branch or division in terms of prospective assignment and suggested personnel action. A discussion was held with [redacted] concerning the drawing up and practicability of a summary training evaluation report to be used for their records, as well as a form letter transmitting individual training information to the interested desk.
